FOR EVENT PROFESSIONALS & AV TEAMS

AV Requirements

Everything your team needs for a smooth session, in one page.

AUDIO

- A wireless lavalier microphone connected to a high-quality audio system.
- For audiences over 200, a handheld microphone for audience participation is appreciated.

IN PERSON

- The presentation runs in a 16:9 display ratio.
- A wireless clicker for Pamela's MacBook (standard USB connection), provided by the client.
- The larger the screen and the better the projector, the better the experience for your audience.
- A confidence monitor and countdown timer are appreciated, if available.

VIRTUAL

- A rehearsal with your producer at least two weeks before the event.
- A producer on hand during the live or pre-recorded virtual session.

RECORDING

Pamela's presentations may not be recorded, in whole or in part, without her prior written consent.
